Stormy Scenes at Closing Sessions of the Anti-Trust Conference Over Political Phases of the Questions at Issue.

Middle-of-the-Road Populists Agreed of Attempting to Stampede the Convention for the Benefit of That Party.

Byzantine Promptly Blocked the Move to Take the Wind Out of the Sails of Their Candidate-Gabfest Closed.

(A. P. NIGHT REPORT.)

CHICAGO, Feb. 14.—Stormy scenes characterized the sessions of the National Anti-Trust Conference preceding the final adjournment tonight. The climax came when Delegates Charles Parker, a middle-of-the-road Populist, surprised the conference with a resolution pledging the delegates to vote for no party that did not stand for government ownership and the principle of direct legislation. The Democratic leaders interpreted this as an attack on W. J. Bryan, and were on their feet in an instant to block the move. A score of delegates took the floor and all tried to talk at the same time.

"You must not stifle free speech here," was shouted.

"Everybody must be heard," was the warning that came from a delegate in the gallery.

Chairman Monnett was in doubt as to what to do. Disorder reigned for ten minutes, and then Chairman Monnett used the gavel, and temporarily adjourned the convention. Another whirl of excitement took place after the reading of the report of the Committee on Resolutions, when Delegates Quinn of Illinois offered an amendment to the declaration of principles, calling for the repeal of all laws sustaining the right of citizens to private property with a view to giving every citizen a free home. A long wrangle ensued over the disposition of the amendment. Capt. W. P. Black, Tom L. Johnson and others appealed to Quinn to withdraw the amendment, but he refused.

After much discussion, during which Quinn was denounced as a disturber by delegates on the stage, Chairman Monnett put the motion to adopt the report. He was in doubt and two ballots were taken. Finally he declared the report of the committee adopted, and the convention adjourned. Delegates Quinn, Johnson and others caused a disturbance during the adjournment. Quinn was denounced as a disturber by delegates on the stage, Chairman Monnett put the motion to adopt the report. He was in doubt and two ballots were taken. Finally he declared the report of the committee adopted, and the convention adjourned.

"In the Republican Northwest," he said, "sixty-five per cent. of the public utilities are owned by the public, whereas in the many Southern Democratic States less than 5 per cent. are so owned."

"It would remind the convention that Ohio, which is the State of the President, is also the State of the author of the Sherman anti-trust act. If we have an Anti-Gen. Griggs, we also have an Anti-Gen. Oliver."

The convention was adjourned also by an attack by Prof. Bemis on "anti-trusts whose endowment comes from trust magnates." The professor in these institutions, he said, is a professor of political economy at Chicago University, "do their best, but cannot overcome this halcyon."

As a remedy he advocated the establishment through the State Legislature of chairs in State universities devoted to the study of the trust question. A number of set speeches were heard at the morning and afternoon sessions, and the night session, which wound up the three-day session, was heard as many of the remaining speeches as could be read in the time that was left.

The conference adopted with enthusiasm an amendment to the resolution offered by John B. Sovereign protesting against the passage by Congress of the anti-scalping bill.

## MORNING SESSION.

## COMMITTEE REPORTS ADOPTED.

(A. P. DAY REPORT.)

CHICAGO, Feb. 14.—At the opening session today of the anti-trust conference, Prof. John S. Commons of New York was the first speaker. His topic was "Discriminations and Trusts." He said in part:

"There are two ways of suppressing trusts. One is to suppress the effects. The other is to suppress the causes. The trust itself is an evil of depressed causes, and we cannot suppress it while the causes remain."

"If, instead of attacking the trusts directly in their effects, we attack the causes there will be no evasions and no corruption. The first cause is freight discriminations. Formerly these were secret. Now that the trusts have become powerful and some of them have direct and stockholders in the railways, they are coming out in the open and framing railway tariffs which openly discriminate. The discrimination against the small shipper, which was declared unreasonable in 1890 by the Interstate Commerce Commission, also the roads were ordered to reduce them. But the roads never obeyed, and now they have gone still further in discrimination. Uniform freight rates are as necessary as uniform postage rates."

"Besides freight discriminations, the strongest monopolies are found in the mines and quarries where the raw materials are limited in quantity. If anthracite coal mines were as free as wheat raising there could be no monopoly. It would be necessary to free the great mine owners were prohibited from holding mining lands idle. If they had to pay a royalty of 10 cents per ton on the probable output of their lands, as well as to the land at home, they would be compelled to keep down prices in order to keep out competitors. Trusts fatten only in countries with a protective tariff, and always at the expense of foreigners than at home. If there is a blessing they should be given at home. A lower tariff on goods with protection on industries

not yet developed will prevent this kind of extortion."

## PROPOSED LIBERTY TRUST.

W. N. Osgood of Massachusetts followed. He proposed a plan of incorporating "a national fraternal and non-secret organization, or liberty trust, in favor of the people. The chief reason he advanced for this was the inability of the individual citizen to accomplish anything alone. His independence and self-reliance were, in fact, a source of weakness and 'enabled his organized foes, the trusts, to operate successfully against him, and deprive him of his liberty.'"

"No admission fee should be charged. No salary should be paid, except for clerical work. Local branches should be chartered throughout the country. A free public forum should be secured in every city and town of considerable size. In the country for public discussion to create a healthy public opinion. Direct legislation should be favored by the organization, and it should engage in active political work in advocacy of its principles."

"It should seek the enactment of a national law, amending the Federal Constitution, if necessary, for the curbing of the power of trusts beyond the measure of that incorporated either by license, or by direct taxation. It should also aim to more effectively control by law the abuse of public monopolies of all kinds now in private hands."

"The organization should be political, but nonpartisan, and its membership should be composed of both Democrats and Republicans, battling against a common enemy."

"The organization should first and foremost be a national organization, broad and liberal in its purposes to appeal to the citizens of all parties and creeds."

"The people must have a national organization of great size in order to effectively reduce in all lines where government has a monopoly, the power of the trusts."

Prof. Bemis of Boston followed. He submitted the following propositions:

"First—Our patent laws must be so changed as to allow any one to use a patent subject to a royalty to be determined either by the courts or by some commission, that shall decide that a virtual trust monopoly has been established."

"Second—The tariff should be materially reduced in all lines where government has a monopoly, the power of the trusts."

"Third—Such a large tax should be imposed upon rents and values of mineral lands as will prevent trusts in copper, anthracite coal, etc. from keeping out every citizen a free home."

"Fourth—Elasticity must be introduced into our monetary system so that any one by depositing government bonds as security and paying a certain tax, can, at any time, secure an extra loan of greenbacks from the government."

"Fifth—Discriminations to favored shippers who are entitled to a life of business as we have hitherto known it, must be stopped, and that not subject to a royalty to be determined either by the courts or by some commission, that shall decide that a virtual trust monopoly has been established."

"Sixth—The fullest publicity as to the accounts of all corporations should be required in order that the public may be secured to the stockholders and shareholders, and to the public in general, and all facts important for the general public should be published in the public domain."

"Seventh—A tax on net profits, coupled with sufficient control of the book-keeping to determine what they are, or there might be a tax upon nominal outstanding capital in order to check over-inflation."

COMMITTEE REPORTS.

George Fred Williams of Massachusetts presented a report of the Committee on Rules in favor of the ordinary plan of amendment. The report was unanimously adopted.

Louis F. Post of Chicago reported for the Committee on Resolutions. He said the report of the committee had been unanimously adopted, and introduced upon the floor.

Prof. Willis, who read the report, proceeded with a full list of the committee members.

An address to the American people was then read, formulated by the Resolutions Committee, and read by Prof. Willis. He then proceeded to read the platform made public this morning.

Both papers were punctuated with great applause.

DEBATE CHOKED OFF.

Debate Quin of Illinois offered an amendment to the resolutions report, declaring that every person is entitled to a home, and that the present system of land tenure, such opportunities were only the privilege of a few, and that the removal of such restrictions by the repeal of all laws sustaining the right of private property in land, and the right of ownership to any other organization in the country. He closed with a plea for the adoption of the report.

PARKER WON'T RETRACT.

Delegates Parker was then recognized on question of personal privilege. He stated that he had been denounced by Mr. Donnelly as a disturber of the peace, and that he had been denounced by Mr. Donnelly as a disturber of the peace, and that he had been denounced by Mr. Donnelly as a disturber of the peace.

STORMY SCENE.

CHICAGO, Feb. 14.—After five minutes of discussion, the report was permitted to proceed. He defended his position at length, concluding: "We are here, he said, for one purpose—that is to get the trusts out of the country."

Gen. Weaver scored Parker and his resolution as an "evident attempt to divide the delegates into two camps."

Judge Gannon of Chicago followed on the floor, and the speaker appeared to be rapidly losing the affection of the delegates. A delegate moved to have a vote of thanks for his attempt to enlighten the conference.

Major Jones of Toledo followed. He hoped every delegate would be true to his own best principles. The resolutions committee was the best that could be framed. He favored this convention, because it was educational. "In the work of education," he said, "is our only hope."

At the close of Mayor Jones' remarks, the report of the Committee on National Organization was unanimously adopted.

OFFICERS ELECTED.

M. L. Lockwood of Pennsylvania was unanimously elected president of the national organization. Franklin Wentworth of Chicago was chosen secretary. C. F. Brice of Washington, D. C., was elected treasurer, and W. B. Fleming of Kentucky financial secretary.

A committee was appointed to bear the protest of the convention against the passage of the currency bill at Washington. The committee decided to meet at Washington next Monday afternoon.

THE LIST OF VICE-PRESIDENTS AND COMMITTEES.

The list of vice-presidents and committees was read without record, and the conference recessed until 8 o'clock this evening.

NIGHT SESSION.

WIND-UP OF THE CONFERENCE.

(A. P. NIGHT REPORT.)

CHICAGO, Feb. 14.—At the night session of the Anti-Trust Conference, the following resolutions were adopted:

"Resolved, that the members of the Anti-Trust League shall give practical effect to their antagonism to

the conference the following, and recommend its adoption, and we recommend that the delegates from the several States here represented, a national vice-president and three members to represent the State in the national committee, and that the body of men, in which the test of membership shall be the ability to subscribe to the constitution and declaration of principles adopted by this body."

The constitution of the organization shall be the American Anti-Trust League, and any American citizen of satisfactory character and qualifications shall be eligible. Local leagues of five or more local leagues; local leagues may form State leagues on such basis of representation as convenient.

"Until the first national convention is held the national league shall consist of the National Executive Committee and the National Vice-President. The National Executive Committee shall be composed of delegates elected by popular votes of the members of each State. Each State shall be entitled to elect two delegates. The National League and one delegate for each State shall constitute the national committee. A national president to hold office for two years, and a national vice-president to hold office for one year, and a national treasurer to hold office for one year, and a national secretary to hold office for one year, and a national financial secretary to hold office for one year, and a national auditor to hold office for one year, and a national clerk to hold office for one year, and a national stenographer to hold office for one year, and a national messenger to hold office for one year, and a national janitor to hold office for one year, and a national porter to hold office for one year, and a national watchman to hold office for one year, and a national night watchman to hold office for one year, and a national fireman to hold office for one year, and a national policeman to hold office for one year, and a national soldier to hold office for one year, and a national sailor to hold office for one year, and a national farmer to hold office for one year, and a national laborer to hold office for one year, and a national craftsman to hold office for one year, and a national merchant to hold office for one year, and a national professional man to hold office for one year, and a national gentleman to hold office for one year, and a national lady to hold office for one year, and a national child to hold office for one year, and a national animal to hold office for one year, and a national plant to hold office for one year, and a national mineral to hold office for one year, and a national vegetable to hold office for one year, and a national fruit to hold office for one year, and a national flower to hold office for one year, and a national tree to hold office for one year, and a national bush to hold office for one year, and a national grass to hold office for one year, and a national seed to hold office for one year, and a national worm to hold office for one year, and a national insect to hold office for one year, and a national bird to hold office for one year, and a national beast to hold office for one year, and a national reptile to hold office for one year, and a national amphibian to hold office for one year, and a national fish to hold office for one year, and a national mollusk to hold office for one year, and a national shell to hold office for one year, and a national stone to hold office for one year, and a national metal to hold office for one year, and a national mineral to hold office for one year, and a national vegetable to hold office for one year, and a national fruit to hold office for one year, and a national flower to hold office for one year, and a national tree to hold office for one year, and a national bush to hold office for one year, and a national grass to hold office for one year, and a national seed to hold office for one year, and a national worm to hold office for one year, and a national insect to hold office for one year, and a national bird to hold office for one year, and a national beast to hold office for one year, and a national reptile to hold office for one year, and a national amphibian to hold office for one year, and a national fish to hold office for one year, and a national mollusk to hold office for one year, and a national shell to hold office for one year, and a national stone to hold office for one year, and a national metal to hold office for one year, and a national mineral to hold office for one year, and a national vegetable to hold office for one year, and a national fruit to hold office for one year, and a national flower to hold office for one year, and a national tree to hold office for one year, and a national bush to hold office for one year, and a national grass to hold office for one year, and a national seed to hold office for one year, and a national worm to hold office for one year, and a national insect to hold office for one year, and a national bird to hold office for one year, and a national beast to hold office for one year, and a national reptile to hold office for one year, and a national amphibian to hold office for one year, and a national fish to hold office for one year, and a national mollusk to hold office for one year, and a national shell to hold office for one year, and a national stone to hold office for one year, and a national metal to hold office for one year, and a national mineral to hold office for one year, and a national vegetable to hold office for one year, and a national fruit to hold office for one year, and a national flower to hold office for one year, and a national tree to hold office for one year, and a national bush to hold office for one year, and a national grass to hold office for one year, and a national seed to hold office for one year, and a national worm to hold office for one year, and a national insect to hold office for one year, and a national bird to hold office for one year, and a national beast to hold office for one year, and a national reptile to hold office for one year, and a national amphibian to hold office for one year, and a national fish to hold office for one year, and a national mollusk to hold office for one year, and a national shell to hold office for one year, and a national stone to hold office for one year, and a national metal to hold office for one year, and a national mineral to hold office for one year, and a national vegetable to hold office for one year, and a national fruit to hold office for one year, and a national flower to hold office for one year, and a national tree to hold office for one year, and a national bush to hold office for one year, and a national grass to hold office for one year, and a national seed to hold office for one year, and a national worm to hold office for one year, and a national insect to hold office for one year, and a national bird to hold office for one year, and a national beast to hold office for one year, and a national reptile to hold office for one year, and a national amphibian to hold office for one year, and a national fish to hold office for one year, and a national mollusk to hold office for one year, and a national shell to hold office for one year, and a national stone to hold office for one year, and a national metal to hold office for one year, and a national mineral to hold office for one year, and a national vegetable to hold office for one year, and a national fruit to hold office for one year, and a national flower to hold office for one year, and a national tree to hold office for one year, and a national bush to hold office for one year, and a national grass to hold office for one year, and a national seed to hold office for one year, and a national worm to hold office for one year, and a national insect to hold office for one year, and a national bird to hold office for one year, and a national beast to hold office for one year, and a national reptile to hold office for one year, and a national amphibian to hold office for one year, and a national fish to hold office for one year, and a national mollusk to hold office for one year, and a national shell to hold office for one year, and a national stone to hold office for one year, and a national metal to hold office for one year, and a national mineral to hold office for one year, and a national vegetable to hold office for one year, and a national fruit to hold office for one year, and a national flower to hold office for one year, and a national tree to hold office for one year, and a national bush to hold office for one year, and a national grass to hold office for one year, and a national seed to hold office for one year, and a national worm to hold office for one year, and a national insect to hold office for one year, and a national bird to hold office for one year, and a national beast to hold office for one year, and a national reptile to hold office for one year, and a national amphibian to hold office for one year, and a national ZANTE CURRANTS.

MORROW'S DECISION IS

OVERTURNED.

That the So-Cal Currants

are Seedless Grapes and are

to Be Admitted Free.

of Islands Near to Zante,

which latter has not grown any

fruit of the kind for a Num-

ber of Years.

Curves' illness continues her case,

judges of Cattleman-Southern

Pacific says the Carson and

Colorado Road-Federal.

(A. P. NIGHT REPORT.)

FRANCISCO, Feb. 14--The

United States Circuit Court on

Monday has been asked by the

United States Circuit Court of Appeals

to decide whether Zante

currants, but seedless

currants, and that the name was one

of Zante or elsewhere, was

in commerce. It was shown at

that no dried currants

produced on the island of

Zante for some years, but that the

currants were produced

near by. Hence, under the

act of August 23, 1894, it was

that they were dutiable at 15

per pound.

The Circuit Court of Appeals in

its decision held that as the

name in the case on appeal were

of the islands adjacent to

land of Zante, and known as

currants, and there-

fore, the duty of duty.

There is nothing so

bad for a cough as

coughing. It tears the

tender membrane of

the throat and lungs,

and the wounds thus

made attract the germs

of consumption. Stop

your cough by using the

simple remedy that has

been curing coughs and

colds of every kind for

over sixty years. You

can't afford to be with-

out it.

AMER'S

CHERRY

PECTORAL

Loosens the grasp of your cough. The

congestion of the throat and lungs is

removed, all inflammation is sub-

dued, and the cough drops away.

Three sizes: the one dollar size is

the cheapest to keep on hand; the

50c size for coughs you have had for

some time; the 25c size for an ordi-

nary cold.

"For 15 years I had a very bad cough. The

doctors and everybody else thought I had

consumption. Then I tried

Amer's Cherry Pectoral and it only took

a bottle and a half to cure me."

W. MARION MILLER, Camden, N. Y.

Oct. 23, 1928.

claim in one day. As much as \$354 was

taken out of another.

Trouble Over Stock Deal.

SAN FRANCISCO, Feb. 14--The

suit of W. H. Wright of the involuntary

Union Savings Bank of San Jose,

against Herman Bendel, for \$25,000,

was on trial today before Superior Judge

Hunt and a jury. Wright bought stock

of the San Jose Fruit Packing Com-

pany from Bendel, who was president

of the company. Wright being seer-

etary and manager. Bendel delivered

900 shares of the stock at the agreed

price. He afterward learned, as he al-

ways did, that Wright deceived him to

the condition of the company's assets

and business and the value of the stock.

He refused to deliver the remaining 75

shares. Wright sued for the increase

in the market value of the 574 shares

Bendel, in a cross-complaint, charged

fraud, and demanded that Wright pay

him \$20,490 in the stock delivered in

addition to the money already paid.

Perez Robbed the Mail.

SAN FRANCISCO, Feb. 14--T. N.

Perez, an employee of the postoffice, was

arrested today for robbing the mails.

For some time past various amounts

of money sent in cash through the

mails have failed to reach their destina-

tion, and detectives were employed to

discover the thief, with the result that

Perez was trapped with a decoy let-

ter. It is not known how much Perez

has stolen in this way.

Bicyclists Shot At.

SANTA CRUZ, Feb. 14--Last night

as two young men and two young

ladies were returning from Capitola on

bicycles, a man in a buggy deliberately

shot at them, and hurriedly drove off

without giving any explanation. Luck-

ily the bullet did not strike any of the

party.

Cotton via Portland.

PORTLAND (Or.) Feb. 14--It is an-

nounced that the Illinois Central Rail-

road will establish an agency in Port-

land for the purpose of handling cotton

shipments to the Orient.
